

NORTHERN TRUST WORLD ESG LEADERS EQUITY INDEX FUND

a Sub-Fund of

NORTHERN TRUST UCITS COMMON CONTRACTUAL FUND

Supplement dated 28 February 2019 to the Prospectus dated 23 June 2017

For Northern Trust UCITS Common Contractual Fund

This Supplement contains specific information in relation to the Northern Trust World ESG Leaders Equity Index Fund (the **Fund**), a Sub-Fund of the Northern Trust UCITS Common Contractual Fund, an open-ended umbrella common contractual fund governed by the laws of Ireland, and authorised by the Central Bank.

Northern Trust UCITS Common Contractual Fund, initially called the Northern Trust Non-UCITS Common Contractual Fund, was initially constituted on 14 October 2009 by the Deed of Constitution entered into between the Manager and the Depositary and was previously authorised on 14 October 2009 by the Central Bank pursuant to the provisions of The Investment Funds, Companies and Miscellaneous Provisions Act 2005. Pursuant to an amended and restated Deed of Constitution dated 20 January 2012, Northern Trust UCITS Common Contractual Fund was reauthorised by the Central Bank as a UCITS pursuant to the Regulations on 20 January 2012.

This Supplement forms part of and should be read in conjunction with the Prospectus dated 23 June 2017.

The Directors of the Manager, whose names appear under the section entitled "Directors of the Manager" in the Prospectus, accept responsibility for the information contained in the Prospectus and this Supplement. To the best of the knowledge and belief of the Directors (who have taken all reasonable care to ensure that such is the case) such information is in accordance with the facts and does not omit anything likely to affect the import of such information. The Directors accept responsibility accordingly.

Words and expressions defined in the Prospectus shall, unless the context otherwise requires or as otherwise provided herein, have the same meaning when used in this Supplement.

A typical investor will be seeking to achieve exposure to the global equities market and a return on its investment in the medium to long term.

The Fund may invest in FDI for hedging and efficient portfolio management purposes. (See below under the heading "Borrowing and Leverage" for details of the leverage effect of investing in FDI).

The Manager may apply a Redemption Charge of up to one (1) per cent of the Net Asset Value. The difference at any one time between the sale and repurchase price of Units means that an investment in the Fund should be viewed as medium to long term.

1 INVESTMENT OBJECTIVE, POLICIES AND STRATEGIES

Investment Objective

The investment objective of the Fund is to closely match the risk and return characteristics of the MSCI World ESG Leaders Index (the **Index**) with net dividends reinvested. Any change of Index shall only be made with the prior approval of the Unitholders.

Investment Policies

The Fund seeks to achieve its investment objectives through investment primarily in a diversified portfolio of transferable Equity and (where considered by the Investment Manager to be necessary or appropriate) Equity Related Securities issued by companies or linked to companies within the Index.

“Equity and Equity Related Securities” includes but is not limited to equities, depositary receipts, preferred shares, equity linked notes (unleveraged debt securities linked to the performance of equities), warrants (not more than 5% of the Fund’s Net Asset Value) and convertible securities which do not embed FDI or leverage (such as convertible preference shares, share purchase rights and bonds convertible into common or preferred shares). Such Equity and Equity Related Securities shall be listed on stock exchanges or regulated markets in countries (within the list of Regulated Markets) comprised within the Index, details of which are set out below under the heading "Index Description". Where direct access to the equity markets in those countries is not practicable, indirect exposure may be achieved through investment in Equities and/or Equity Related Securities listed on markets elsewhere. The prime criterion for selecting such Equities and/or Equity Related Securities is not their perceived attractiveness or potential growth or value but rather their suitability in terms of achieving the investment objective of the Fund in closely matching the risk and return characteristics of the Index. The Fund may from time to time hold securities which are not included in the Index constituents as a result of corporate actions and other such activities. In such event, the Fund will sell such securities as soon as practicable taking into account the best interests of the Unitholders.

The Investment Manager will use a proprietary optimisation methodology for the Fund to construct the portfolio as further set out in the section "Index Tracking Strategy" below. The Fund may invest in FDI for efficient portfolio management purposes and may be fully or partially hedged back to the Base Currency in accordance with the powers and restrictions set out by the Central Bank in relation to techniques for efficient portfolio management purposes as further disclosed in section 3.5 entitled "Hedging" in the Prospectus. The Fund may invest in FDI as set out in the section titled “Efficient Portfolio Management (EPM) and Use of Derivatives” below.

The Fund may also invest (up to 10% of its Net Asset Value) indirectly in Equities and Equity Related Securities comprised within the Index through holdings in open-ended collective investment schemes (CIS) (including UCITS exchange traded funds (ETFs)). Any such CIS will have investment objectives which are materially similar to the Fund.

The Fund will act in accordance with rules regarding cluster munitions laid down in the relevant national legislation adopting the Convention on Cluster Munitions. Consequently, the Fund will take adequate measures to restrict it from: (i) executing or procuring the execution of transactions aimed at acquiring or offering financial instruments issued by a company involved in the production, sale or distribution of cluster munition or critical elements thereof (“Cluster Munition Companies”); or (ii) extending loans to or acquiring transferable shares in Cluster Munition Companies. In addition, the Fund is restricted from: (i) executing or procuring

the execution of transactions aimed at acquiring or offering financial instruments issued by a company which holds more than fifty (50) per cent of the share capital of Cluster Munition Companies; or (ii) extending loans to or acquiring transferable shares in such parent Companies.

However, the Fund is not restricted from (i) investing in investment institutions managed by third parties provided that the relevant investment institution consists of less than five (5) per cent of Cluster Munition Companies; and (ii) investing in specifically described projects of Cluster Munition Companies, provided that the invested funds will not be used for the production, sale or distribution of cluster munition. For the definition of “cluster munition”, please see to article 2(2) of the Convention on Cluster Munitions which was adopted on 30 May 2008 in Dublin, Ireland and entered into force on 1 August 2010.

Index Tracking Strategy

The Fund operates an index tracking strategy whereby it seeks to track the risk and return characteristics of the Index by investing directly in assets that are Index constituents (i.e. a physical replication model). However, the Fund does not seek to fully replicate the Index but instead seeks to match the Fund's investments with Index constituents on a sample based physical replication model (i.e. an optimisation approach) within the scope of the general UCITS investment restrictions and the specific investment restrictions set out below. Accordingly, investment in the Fund should not be considered to provide a direct exposure to the Index. In normal market conditions the Fund can be expected to closely match the performance of the Index. However, in normal market conditions an ex-post tracking error of 0.05% - 0.50% should be anticipated. This is due to transaction costs and the liquidity impact of the Fund's optimisation approach and the fact that the respective Class returns reflect the relevant withholding tax rates applicable to such Classes under the CCF structure. Employing an optimisation approach (rather than full replication) necessarily results in individual security overweights and underweights, as the Fund will strive to achieve representative exposure in the more liquid and accessible sectors of the Index.

As the Fund does not pursue a synthetic index replication strategy, there is no corresponding counterparty risk related to the index replication strategy.

Index Description

The Index is a capitalization weighted index that provides exposure to companies with high Environmental, Social and Governance (ESG) performance relative to their sector peers, based on MSCI's ESG ratings. Companies found to be in violation of international norms (for example, facing very severe controversies related to human rights, labour rights or the environment) and companies involved in controversial weapons (landmines, cluster munitions, depleted uranium, and biological and chemical weapons) are excluded from the Index. The Index is constructed by aggregating the following regional Index – MSCI Pacific ESG Index, MSCI Europe & Middle East ESG Index, MSCI Canada ESG Index and MSCI USA ESG Index. The parent index is MSCI World Index, which consists of large and mid-cap companies in 23 Developed Markets Countries*. The Index is designed for investors seeking a broad, diversified sustainability benchmark with relatively low tracking error to the underlying equity market. The Index is a member of the MSCI Global Sustainability Index series. Constituent selection is based on data from MSCI ESG Research.

*Developed Markets countries include: Australia, Austria, Belgium, Canada, Denmark, Finland, France, Germany, Hong Kong, Ireland, Israel, Italy, Japan, Netherlands, New Zealand, Norway, Portugal, Singapore, Spain, Sweden, Switzerland, the UK and the US.

The valuation function within MSCI is functionally independent of the design of the Index. The Index is reviewed quarterly for any necessary rebalancing – in February, May, August and November with the objective of reflecting change in the underlying equity markets in a timely manner, while limiting undue index turnover. The rebalancing frequency will have minimal impact on the strategy of the Fund or on transaction costs associated with the Fund as any rebalancing is not expected to require any higher frequency of position turnover in the Fund than would otherwise be the case.

Further details of the Index constituents, weightings and methodology can be navigated to from the following links: <https://www.msci.com/index-methodology> and <https://www.msci.com/constituents>.

In accordance with Regulation (EU) 2016/1011 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds (the EU Benchmarks Regulation) the Investment Manager has, on behalf of the Manager, put in place written plans which would enable the Fund to reference an alternative index, should the Index cease to be provided.

The Index used by the Fund in accordance with Article 3(1)(7)(e) of the EU Benchmarks Regulation is to be provided by an administrator either included in the register referred to in Article 36 of the EU Benchmarks Regulation or availing of the transitional arrangements pursuant to Article 51 of the EU Benchmarks Regulation.

Efficient Portfolio Management (EPM) and Use of Derivatives

The purpose of EPM should be in line with the best interests of Unitholders and is to achieve one or more of the following: the reduction of risk, the reduction of costs and the generation of additional capital or income for the Fund with an acceptably low level of risk. The Fund may use the following instruments for EPM namely: currency forwards and exchange traded futures (details of which are outlined below).

Exchange Traded Futures

Exchange traded futures are used exclusively for efficient portfolio management purposes, mainly to "equitise" cash contributions into the Fund, hedge index exposure for limited periods when immediate purchase/sale of the underlying is not feasible or in the best interests of the Fund and gain short term exposure to securities where appropriate to enhance value. Exchange-traded futures positions are typically unwound simultaneously with the purchase or sale of the underlying cash position.

Forwards

Forward currency contracts may be used to hedge against currency risk that has resulted from Assets held by the Fund that are not in the Base Currency. The Fund, may, for example, use forward currency contracts by selling forward a foreign currency against the Base Currency to protect the Fund from foreign exchange rate risk that has risen from holding Assets in that currency.

Warrants, share purchase rights and convertible securities may also be held for the purposes of EPM and traded or exercised when considered appropriate.

The Fund may engage in transactions in FDI identified above for the purposes of EPM and/or to protect against exchange risks within the conditions and limits laid down by the Central Bank from time to time. Such transactions may include foreign exchange transactions and while seeking to protect against exchange risks may still alter the currency characteristics of

transferable securities held by the Fund. Please see section 3.5 entitled "Hedging" in the Prospectus for more details.

Collateral or margin may be passed by the Fund to a counterparty or broker in respect of OTC FDI transaction. Further details of the Fund's collateral policy are set out in Schedule II section 8 of the Prospectus.

The use of FDI for the purposes outlined above may expose the Fund to the risks disclosed in the Prospectus under the heading "Risk Factors".

The Manager on behalf of the Fund has filed with the Central Bank its risk management process which enables it to accurately measure, monitor and manage the various risks associated with the use of FDI. Any FDI not included in the risk management process will not be utilised until such time as a revised submission has been provided to, and cleared by, the Central Bank. The Manager will, on request, provide supplementary information to Unitholders relating to the risk management methods employed, including the quantitative limits that are applied and any recent developments in the risk and yield characteristics of the main categories of Investments.

The Fund shall not engage in any securities lending or use repurchase agreements/reverse repurchase agreements (i.e. Securities Financing Transactions) and this section will be updated in accordance with the Central Bank Rules and the disclosure requirements of Regulation 2015/2365 in advance of any change in this regard.

2 RESPONSIBLE INVESTMENT – CORPORATE ENGAGEMENT

The Investment Manager has appointed Hermes Equity Ownership Services Limited ("Hermes EOS") to act as the Manager's agent in carrying out corporate engagement with carefully selected companies held within the Fund (each a "Company"). Companies will be selected for engagement and engagement will be carried out in accordance with an engagement policy. In accordance with the terms of the engagement policy, engagement will be undertaken where it is believed that it will lead to an increase in the value of a Company's shares over the long term or prevent or limit a decrease in the value of a Company's shares over the long term. An engagement by Hermes EOS with a Company will involve a process of dialogue with that Company with the long-term objective of that Company improving on its social, ethical and environmental practices in the belief that such factors can have an impact on financial performance. A copy of the engagement policy is available from the Investment Manager on request and on the Investment Manager's website. Corporate engagement complements the ESG considerations underpinning the construction of the Index. The engagement process neither informs investment or divestment decisions nor the construction of the Index, and Hermes EOS will exercise no discretion over Fund Assets.

Hermes EOS typically conducts engagement with Companies in confidence and will not disclose the Manager's involvement in such engagements, unless specifically agreed in advance.

In addition to engaging with individual Companies, Hermes EOS has a broad international public policy engagement program through which it engages with governments and regulators on behalf of its client base (including the Manager) to promote the interests of long-term institutional investors.

The Fund will follow the Northern Trust Proxy Voting Policy, a copy of which is available via the following website:

<https://www.northerntrust.com/asset-management/europe/uk-stewardship-proxy-voting>

Engagement activities conducted on behalf of the Fund may not always be complemented by this policy.

3 INVESTMENT RESTRICTIONS

The general investment restrictions set out in the Prospectus under the heading "Investment Restrictions" apply to the Fund.

4 BORROWING AND LEVERAGE

The Fund may borrow up to ten (10) per cent of its Net Asset Value on a temporary basis.

The Fund may utilise FDI (as referred to above under the heading "Efficient Portfolio Management (EPM) and Use of Derivatives").

Global exposure and leverage as a result of its investment in FDI shall not exceed 100% of the Net Asset Value of the Fund. Global exposure will be measured using the commitment approach.

5 LISTINGS

It is not currently intended to list the Units of the Fund on any stock exchange, though the Directors may in future apply for one or more Classes to be admitted to the Official List and trading on the Main Securities Market of the Irish Stock Exchange.

6 RISK FACTORS

The general risk factors set out in the Prospectus under the heading "Risk Factors" apply to the Fund.

7 GROSS INCOME PAYMENT POLICY

Gross Income Payments may be made at the discretion of the Manager (following consultation with the Investment Manager) in accordance with the provisions of the Prospectus.

8 INVESTMENT MANAGER

The Manager has appointed Northern Trust Global Investments Limited to provide discretionary investment management services to the Fund (the "**Investment Manager**"). The Investment Manager is a company incorporated under the laws of England and Wales on 15 February 2000; is authorised and regulated by the Financial Conduct Authority in the United Kingdom and has its registered office at 50 Bank Street, London E14 5NT. The Investment Manager is a wholly owned subsidiary of Northern Trust Management Services Limited which is a wholly owned subsidiary of The Northern Trust International Banking Corporation which is a wholly owned subsidiary of The Northern Trust Company. The Northern Trust Company in turn is a wholly owned subsidiary of Northern Trust Corporation. The Investment Manager's main business activity is the provision of investment management services.

U.S.\$30 million.

10 HOW TO SUBSCRIBE FOR UNITS

Application for Units should be made by completing and submitting a Subscription Agreement in accordance with the provisions set out in the Prospectus to be received by the Administrator on or prior to the Dealing Deadline for the relevant Dealing Day.

No application will be capable of withdrawal after acceptance by the Administrator. Any subsequent application may be made by contacting the Administrator in writing, by telephone, by facsimile or by electronic means provided such means have been agreed with the Administrator and are in accordance with the requirements of the Central Bank.

The Minimum Holding must be maintained by each Unitholder in the Fund (subject to the discretion of the Manager) following any partial redemption or exchange of Units.

Unless the Administrator otherwise agrees, payment for Units must be received by the relevant Settlement Date by electronic transfer in cleared funds in the currency of the relevant Units.

This section should be read in conjunction with the section in the Prospectus headed "Purchases of Units".

11 HOW TO REDEEM UNITS

Requests for the redemption of Units should be submitted to the Manager c/o the Administrator in accordance with the provisions set out in the, Prospectus. Requests received on or prior to a Dealing Deadline will be dealt with on the relevant Dealing Day. A redemption request once given will not be capable of withdrawal after acceptance by the Administrator.

The amount due on the redemption of Units of any Class in the Fund will be paid by the Settlement Date at the Unitholder's risk and expense by electronic transfer to an account in the name of the Unitholder. Payment of the proceeds of redemption will only be paid on receipt by the Administrator of the original Subscription Agreement in respect of the Unitholder's initial subscription and all documentation required by the Administrator (including any documents in connection with anti-money laundering procedures) and the anti-money laundering procedures have been completed.

No Unitholder shall be entitled to realise part only of his holding of Units of any Class in the Fund if such realisation would result in his holding of Units of such Class after such realisation being below the Minimum Holding.

The Manager may at its discretion with the consent of the Unitholder or at the request of the Unitholder satisfy a redemption request by a redemption of investments of the Fund in specie provided that such a redemption would not prejudice the remaining Unitholders of that Fund. The, provisions are summarised in the Prospectus under the heading "Redemption of Units".

The Directors of the Manager are entitled to limit the number of Units of the Fund redeemed on any Dealing Day to Units representing ten (10) per cent of the total Net Asset Value of Units of the Fund in issue on that Dealing Day, or such other amount as they may in their absolute discretion determine, subject to the terms of the Prospectus. The redemptions effected on that Dealing Day will be effected pro rata in the manner described in the Prospectus under the heading "Redemption of Units".

This section should be read in conjunction with the section in the Prospectus headed "Redemption of Units".

12 NET ASSET VALUE

The Administrator calculates the Net Asset Value per Unit as at the Valuation Point of each Dealing Day in accordance with the procedure provided for in the Prospectus under the heading "**Calculation of Net Asset Value/Valuation of Assets**".

13 FEES AND EXPENSES

Fees and Expenses of the Manager

The Manager will be entitled to charge an annual fee out of the Assets of the Fund of up to one (1) per cent of the Net Asset Value of the Fund to cover its reasonable out of pocket costs and expenses incurred in the performance of its duties, including expenses relating to due diligence and monitoring of the Investment Manager. The latest figure will be set out in the most recently published report and accounts of the Fund or, pending publication of the initial report and accounts, will be available upon request from the Administrator. This fee will accrue and be calculated on each Dealing Day and shall be payable quarterly in arrears.

Fees and Expenses of the Investment Manager

The Investment Manager will be entitled to receive out of the Assets of the Fund an annual fee of up to one (1) per cent of the Net Asset Value of the Fund. The latest figure will be set out in the most recently published reports and accounts of the Fund or, pending publication of the initial reports and accounts, will be available upon request from the Administrator. This fee will accrue and be calculated on each Dealing Day and shall be payable quarterly in arrears. The Investment Manager will also be entitled to be reimbursed out of the Assets of the Fund for its reasonable out of pocket costs and expenses incurred in the performance of its duties.

Fees and Expenses of the Administrator and Depositary

The Depositary and Administrator will be entitled to receive out of the Assets of the Fund a combined aggregate annual fee of up to 0.2 per cent of the Net Asset Value of the Fund (plus VAT, if any). The latest figure will be set out in the most recently published reports and accounts of the Fund or, pending publication of the initial reports and accounts, will be available upon request from the Administrator. This fee will accrue and be calculated on each Dealing Day and shall be payable quarterly in arrears. The Depositary and Administrator will also be entitled to be reimbursed out of the Assets of the Fund for all reasonable pre-approved out-of-pocket expenses incurred in the performance of their duties.

Initial Expenses

The initial organisational and establishment costs relating to the creation of the Fund are estimated not to exceed €20,000 which are being amortised by the Fund over the first five accounting periods of its operation (or such other period as may be determined by the Directors at their discretion) and shall be subject to such adjustment following the establishment of new Sub-Funds as the Directors may determine.

Ongoing Expenses

Ongoing legal and constitution fees and expenses will also be paid out the Assets of the Fund.

Other Fees and Expenses

In addition to the fees outlined above, the Fund will also be responsible for the fees of Hermes EOS (for its services in respect of the Fund, as described in this Supplement), up to 0.02% of the Net Asset Value of the Fund per annum. Such fee shall accrue and be calculated on each Dealing Day and be payable quarterly in arrears. These fees will be discharged by the Investment Manager who will then be reimbursed by the Fund the corresponding amount, out of the Assets of the Fund.

Any other fees and expenses payable out of the Assets of the Fund are set out in the Prospectus under the heading "Fees and Expenses".

14 MATERIAL CONTRACTS

In addition to those detailed in the Prospectus, the following contracts have been entered into otherwise than in the ordinary course of the business intended to be carried on by the Fund and are or may be material:

The amended and restated Investment Management Agreement dated 20 January 2012, between the Manager and the Investment Manager. This agreement provides that the appointment of the Investment Manager will continue unless and until terminated by either party giving to the other not less than ninety (90) days' written notice although in certain circumstances the agreement may be terminated forthwith by notice in writing by either party to the other; the agreement contains certain indemnities in favour of the Investment Manager which are restricted to exclude matters arising by reasons of the fraud, bad faith, negligence or wilful default of the Investment Manager in the performance or non-performance by the Investment Manager of its duties.

The Agreement for the Provision of Responsible Investment Services dated 22 June 2015, as amended, between the Investment Manager and Hermes EOS (with its registered office at Lloyds Chambers, 1 Portsoken Street, London E1 8HZ, United Kingdom). Hermes EOS, authorised and regulated by the Financial Conduct Authority, provides non-discretionary responsible investment advisory services to the Investment Manager in respect of various sub-funds managed by the Investment Manager, including the Fund. This agreement provides that the appointment of Hermes EOS will continue unless and until terminated by either party giving to the other not less than 9 months' written notice (such notice may only be served on or after the first anniversary of the agreement), although in certain circumstances the agreement may be terminated forthwith by notice in writing by either party to the other; the agreement provides that Hermes EOS will accept responsibility for loss to the Investment Manager and/or the Fund to the extent that such loss is due to the negligence, wilful default, fraud or any breach of the agreement by Hermes EOS. See Fees and Expenses section above for details of the fees of Hermes EOS as paid out of the Assets of the Fund.

15 MISCELLANEOUS

Some Unitholders may receive additional information and/or reports in relation to the Fund on a frequent basis. Any such information will be available to all investors in the Fund on request. Any such information will only be provided on a historical basis and after the relevant Dealing Day to which the information relates. Please contact your relationship manager to discuss any reporting needs.
