The Sterling Ultra Short ESG Fund (the "Fund") Share Class A GBP Accumulating

A sub-fund of Northern Trust Global Funds plc

ISIN: IE00BMGWQ503

Self managed investment company

OBJECTIVES AND INVESTMENT POLICY

The objective of the Fund is to provide moderate liquidity and maximise income consistent with a high degree of capital preservation by investing in investment grade fixed income securities.

The Fund seeks to achieve its investment objective through investment primarily in investment grade fixed income securities subject to certain environmental, social and governance criteria (ESG).

All securities in which the Fund invests will be denominated in Sterling.

The Investment Manager will determine the portfolio duration with a neutral target of 12 months. In normal market conditions, the Fund will invest a minimum of 20% of its Net Asset Value in securities, instruments and obligations with a maturity over two years.

The fixed income securities the Fund may invest in can be corporate and government issued, fixed, floating or adjustable rate. The Fund may also enter into repurchase and reverse repurchase agreements to achieve its objective and generate additional revenue for the Fund.

The Fund may use derivatives and other financially linked instruments (such as currency forwards) and may also enter into repurchase and reverse repurchase agreements to achieve its objective and to reduce risk, minimise costs or generate additional capital or income. A derivative is a financial contract whose value is derived from other assets.

Target Market: This Fund is appropriate for investors who are looking for an actively managed investment and who plan to invest over a short to medium term in the relevant market(s) with ESG principles implemented according to a defined set of exclusions.

The Fund takes a flexible approach, investing across different bond markets and currencies to take advantage of specific investment opportunities. The Fund has the freedom to adjust the Fund's sensitivity to interest rate movements, bond exposures and currency exposures.

Benchmark: For information purposes the reference benchmark is Bloomberg Barclays Sterling Gilt + Bills 0-24 Month Total Return Index Unhedged GBP.

The Fund will exclude securities that do not meet certain ESG criteria and companies that are in breach of the UN's Global Compact Ten Principles. (ESG) criteria selected by the investment manager. For further details on the UN Global Compact principles, please refer to www.unglobalcompact.org/AboutTheGC/TheTenPrinciples/index.html.

The shares in the Fund are either accumulating or distributing. If you elect accumulating shares, any income received will always be included in the value of your shares. If you elect distributing shares, any income received will be distributed annually, and you can request either a cash payment or additional shares in the Fund.

You can buy or sell shares daily (on each business day of the Fund). Instructions must be received by the Fund's administrator before 2.00pm (Irish time) on the relevant dealing day.

The base currency of the Fund is Sterling.

Risk and Reward Profile

- Historical data may not be a reliable indication for the future.
- The risk category shown is not guaranteed and may shift over time.
- The lowest category does not mean 'risk free'.

The risk indicator was calculated incorporating simulated historical data and may not be a reliable indication of the future risk profile of the Fund.

The rating is based upon changes in prices of the debt instruments and deposits.

The Fund will invest in debt instruments contained in the Index, which experience rises and falls in value.

The value of the debt instruments fluctuate depending on prevailing interest rates, credit ratings and market conditions.

Performance volatility can be increased or reduced due to fluctuations in the currencies represented within this document.

The following risks are material in addition to the risks captured by the indicator above: Credit Risk – A borrower or a counterparty may fail to repay or otherwise fail to meet contractual obligations to the Fund.

Liquidity Risk – Some recognised exchanges are less liquid or more volatile which may affect the price received and time taken when selling investments. Small capitalisation companies are also less liquid and this may result in fluctuations in the price of shares.

Investment Risk - The Fund may not achieve its investment objective. An investment in the Fund involves investment risks including possible loss of the amount invested.

Issuer Risk – The issuer of a bond held within the Fund may not be able to meet its obligations to the Fund.

Derivative Risk - Derivatives may result in gains or losses that are greater than the original amount invested.

Valuation Risk - A position in the Fund may be valued incorrectly, as some prices may be uncertain at a point in time. The use of amortised cost pricing for certain assets for valuation purposes is permitted on LVNAV funds. Amortised cost prices may differ to the market prices obtained in practice.

For more information about risks, please see the section entitled "Risk Factors" of the Fund's prospectus and supplement, which are available at www.northerntrust.com/pooledfunds.
